

# *What's New from PEPPM in 2008?*

**PEPPM is the single most cost-effective source for all your technology needs**

PEPPM has 248 product line and 20 catalog contracts available in Connecticut for the PEPPM 2008 bid year

PEPPM is a technology bidding and purchasing program that has been in existence for over twenty-six (26) years and has saved schools and educational/government agencies over \$600 million during that time.

The Central Susquehanna Intermediate Unit (CSIU) solicits bids for popular lines of technology products using a bid process that satisfies all Pennsylvania legal bid requirements for K-14 schools and libraries.

Capitol Region Education Council (CREC) and the CSIU have partnered whereby CREC promotes and markets PEPPM's competitively bid-protected contracts to Connecticut schools.

Many of the top brand computers, networking and telecommunications equipment, printers, copiers and related peripherals have been awarded to 94 different vendors. Brands like Xerox, Dell, Cisco, Promethean, HP have contracts awarded to the manufacturer or one of their top resellers.

Contracts are valid through December 31, 2009.

Be sure to check our web site, [www.peppm.org](http://www.peppm.org), to find out which vendors hold contracts available in Connecticut. Search our web site for prices, vendor contacts and ordering instructions. Note that listed prices are for quantities of one.

In addition to the product line contracts, PEPPM has increased the number of **catalog bid contracts** which offer an array of bid protected product lines in the areas of:

- Educational Software
- Networking & Telecommunications
- Audio Visual Equipment
- General Hardware & Software
- Refurbished Computers and Parts
- End of Life Computer Systems & Parts

With all PEPPM contracts buyers enjoy complete bid protection backed by PEPPM's terms and conditions. You avoid the time and expense of bidding yourself and our awarded vendors promise to give you the lowest prices they will offer in Connecticut.

Schools and agencies that use PEPPM contracts also enjoy the value-added services provided only through PEPPM, such as contract price verifications, purchase order error checking and archiving, vendor contract compliance verification, vendor interventions.

**With PEPPM you can maximize your technology budget and minimize your administrative time**
