Product Line: ContentKeeper (Internet and Network Security Products)

Introduction

ContentKeeper Web Filter Pro helps organizations ensure policy compliance and safe web use by combining web filtering, mobile security and reporting technologies into one cohesive solution. It simplifies security and policy management, protecting networks, data and users, regardless of device, location or connection. It seamlessly integrates the following features:

- Allow more Content in the Classroom – Safely (YouTube, Vimeo)
- 100% Identification for Age Appropriate Policies
- Consistent Experience Across all Devices and Browsers – Both on and off Campus
- Meaningful Reporting – Live and Historical
- Intent Analysis with Context and Alerting – “How do I build a bomb?” vs. “When was the Atomic bomb built?”
- Application Defense: Prevent access to Tor, UltraSurft, BitTorrent, etc.
- Mobile device web access control, identification and accountability
- Real-time intelligent SSL decryption, inspection and controls
- Granular policy-based domain and social media controls
- Real-time web content classification
- Comprehensive behavioral analysis, monitoring and reporting
- Layer 2 load balancing for high capacity / high availability networks
