Introduction

En-Net Services (En-Net) is a full-service IT solutions provider of computer hardware, software, networking equipment, infrastructure, supplies and maintenance services to public sector entities. En-Net's partnerships with industry leading manufacturers enable us to create turnkey solutions, have access to in depth resources and provide the technical capabilities required to deliver solutions that meet the exact specifications and IT budget for each customer.

En-Net is focused on providing US Federal, State and Local Governments and Educational Institutions with state-of-the-art solutions designed to enhance the security and efficiency of their information systems. En-Net offers complete hardware, software and cabling solutions, as well as full integration, installation and warranty services. En-Net has serviced and supported a vast array of accounts. Since En-Net primarily supports public sector accounts, we have a strong understanding of how the business cycle works for State and Local Government as well as K-12 and Higher Education customers.
